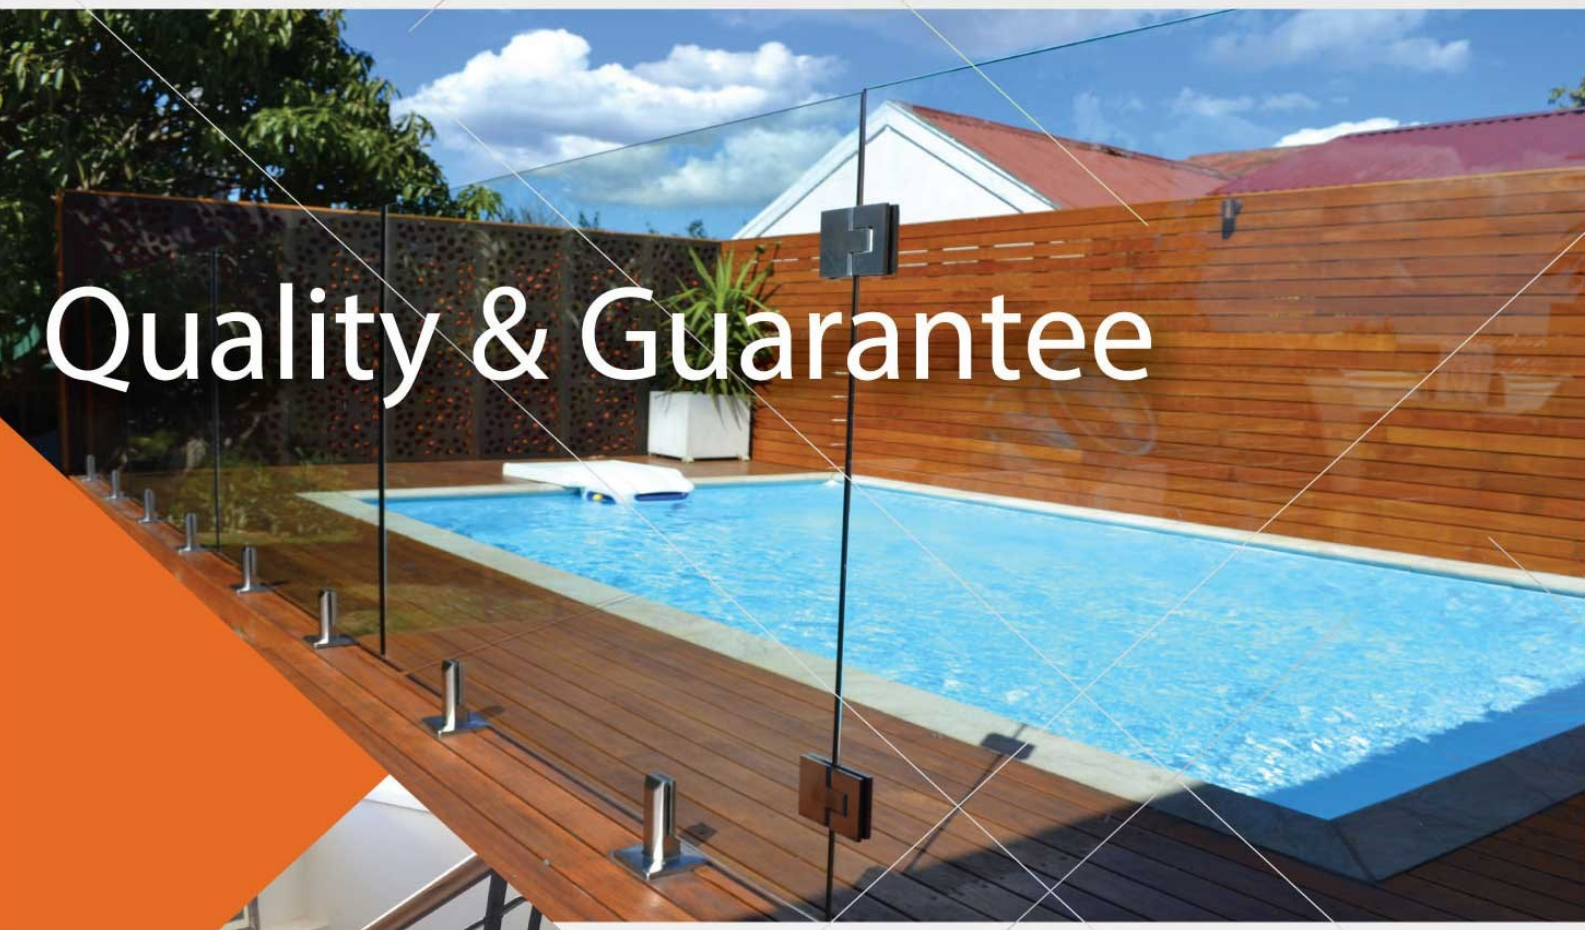
A&K Quality Gates & Fencing



Quality & Guarantee

On time, On budget

Our objective

Our aim is clear. And true. A&K exists solely to provide our customers with gates and fences of superior quality at modest prices.

A&K offers a diverse choice of gates and fences that combine aesthetics with utility. Whether you are in the market for an idiosyncratic enhancement around your residential area or an elegant extension of your commercial property, you are assured of receiving gates and fences with good quality and require minimum maintenance. Experience can make all the difference when it comes to constructing fences and gates as well as installing them.

Quality Gates

We offer a full range of gates to meet your needs lightweight aluminum, tubular steel, stainless steel, colorbond, perforated, slat picket or wood-look aluminum slats.

Quality Fencing

Fencing should more than just provide a protective barrier. At least we think so. We believe that no matter how steady the fence or strong the gate, it will be lacking something if it is not also pleasing to the eye. We are a firm believer in meeting your aesthetic demands as well as your demands for a durable structure that can make you feel more secure and enhance your privacy.

Semi Frameless & Frameless Glass Pool Fencing

We guarantee to provide you with exactly that peace of mind by installing a simple, secure and stunning fencing system around your pool. We can provide you with an attractive compliment to your yard that completes the full aesthetic effect.
